

CHRISTENSEN'S PLANT CENTER

Wholesale Supplier To Landscape Professionals

Hi, I'm Pedro Gutierrez.

I've been with Christensen's Plant Center for thirteen years. I started working in our Shipping and Receiving Department loading and unloading plants. This has given me many years to gain knowledge of our extensive variety of plants and many of their latin names and characteristics. I've risen through the ranks, becoming crew leader of the Receiving Department for 10 yrs, and helping with sales for the past 3 yrs.

I'm currently a member of the sales staff and looking forward to helping everyone with their plant and hardscape needs. With my past experience I'm able to serve you quickly and efficiently both finding and loading all of your purchases.

With my bilingual capability, I can serve both English and Spanish speaking customers. I look forward to meeting everyone and serving you to the best of my capabilities.

Pedro Gutierrez
