

## COVID-19 Policy Updates

In order to ensure the safety of our staff, customers, and all other visitors we are making the following changes to daily operations.

### Hours:

We will be open according to our published hours, but may adjust these as the season progresses.

### In-Yard Sales:

In an effort to limit person-to-person contact, the following changes will be implemented:

- Please place orders 24 hours in advance of your arrival whenever possible.
- **Customers will be required to wear a face mask while interacting with Christensen's staff or inside of buildings.**
- Customers of our customers (Home owners/Property owners) will not be allowed at Christensen's. Please do not bring them to our facility.

### Delivery services:

Deliveries are available and encouraged to minimize the contact between our staff and yours. We ask that your onsite staff follow the current CDC and State of Michigan guidelines for safety. Our drivers will no longer be able to assist in the unloading of any plant material. We will still offer Moffett services for hardscape deliveries.

We are fortunate to be working in these trying times. We at Christensen's are putting forth every effort possible to ensure the highest level of professionalism and safety. We ask that you do the same, so that we can prove to our community that we can work safely during these times. If you need any information on some of the best practices for landscape contractors, please visit these websites:
