

New paver products for 2016

Happy spring! The weather is not the only thing that changes. Our vendors like to keep us on our toes with new products.

Let's start with Rosetta. Rosetta has introduced two new products. The first is a 6' Irregular Step, 7" thick and approximately 72" long x 30" deep and it comes in 3 different shapes. We will be stocking them in Auburn Ridge, Fond du Lac and Slate Gray. They can be special ordered in Walnut.

IRREGULAR STEP

The second item is Superior Steppers, they are approximately 21"x 27" and 2" thick and come in 8 different shapes. Great for stepping stones and garden pathways. We will be stocking them in Auburn Ridge, Fond du Lac and Slate Gray. Superior Steppers can be special ordered in Walnut.

Unilock has introduced a new paver called Senzo, an enduracolor plus paver, available in 3 colors and 3 sizes. A new enduracolor plus wall called Belmuro is available in 4 colors and 4 sizes. Unilock has improved Europaver it is now an enduracolor product, available in 2 colors and is a 3 piece random bundle.

Unilock has a natural stone line. We will be stocking Black River limestone, Indian Coast sandstone and Stone Cliff Grey sandstone. Available in 3 sizes and can be purchased by the piece/SF.. We will also stock pillar caps rock faced on 4 sides and coping rock faced on 2 edges.

Stop in to the Hardscape Center and let us show you what is new.
