

# CHRISTENSEN'S PLANT CENTER

## Wholesale Supplier To Landscape Professionals

## Sending your customers into the nursery

Christensen's has a strict policy regarding contractors sending their customers into the nursery without you, it is prohibited. The reasons are many so I will list a few of the important ones.

- There are a lot of safety hazards that they might not be cognizant of.
- There are sale boards and sale signs around that you might not want your customer to see.
- There is a lot of chatter on the radios and talk about pricing that can easily be overheard.
- A lot of your customers are looking for design help which we are not in a position to give.
- Taking time to deal with your customer is taking time away from servicing the professional contractors that are here getting nursery stock.
- Please accompany your customers to the nursery and we will gladly help in any way we can.
- Failure to comply will result in me sending Reno after you!

Thanks for everything this year.
